

Adverse Weather Policy

In cases of extreme or adverse weather it may be necessary to close the nursery. Your child's safety is our main priority and we must ensure correct ratios are adhered to all times. Mulberry Corner does not want to risk any accidents and we must also must consider the safety of our staff on their journeys.

Procedures

- If you wake up to snow please check your emails as we may have already tried to contact you, or try to ring the nursery to check that we are open. The phone may be very busy at this time so please be patient and we will answer as soon as possible!
- A lot of our staff travel from outside the area and either find it impossible to get in, get stuck, or arrive very late. In these cases we may have to close as the ratios will not be sufficient.
- If it starts to snow while your child is at nursery we may phone you to arrange an early pick up. This is to ensure all children and staff can get home safely.
- If we manage to remain open, please ensure your child has suitable clothing for playing outside!
